Applicant Remarks (Optional) _____

CERTIFICATION IN LIEU OF STRESS CALCULATIONS

Being a sign contractor duly licensed by the City of Oklahoma City, I hereby certify that the sign proposed in this application is designed in compliance with the wind and stress requirements of The International Building Code as adopted by the City of Oklahoma City. I further certify that the statements in this application and the attachments hereto are true and correct and that the property owner has given permission for this work to proceed. All construction work under this permit will conform to the attached plans, specifications and drawings and to the Codes and Ordinances of the City of Oklahoma City and that all sign construction shall be performed by contractors licensed and bonded with the City of Oklahoma City. All electrical connections and electrical service work shall be properly permitted and performed by a State licensed and City registered electrical contractor. ***(When an existing sign is being replaced and there is no change in the electrical wiring, a sign contractor may purchase the required electrical permit.)** I further certify that the attached plans show all existing and proposed signs, their sizes and locations and that if proposing a non-accessory sign, all other non-accessory signs that are within 1000 feet of the property and facing in the same direction and on the same side of the street from which the sign is intended to be read are also shown on the proposed plans.

Date _____ Printed Name _____ By _____

Signature of licensed sign contractor
