

SATURDAY MORNING SWEEP

The City of Oklahoma City

Let's get trash out of the neighborhood!

The Solid Waste Management Division will deliver a commercial dumpster, safety equipment and trash bags. The neighborhood provides the volunteers. Later that day, the city will haul off the dumpster and pay the disposal fees. This is a quick and easy way to get rid of litter, overgrowth, illegal dumping or storm debris from neighborhood common areas, easements, greenbelts and medians.

Oklahoma City residents may schedule a Saturday Morning Sweep once a year between April and September.

Events are from 8 a.m. to noon – rain or shine.

If you are interested in a Saturday Morning Sweep in our neighborhood, contact:
