

Expedited Plan Review and Inspection

The City of Oklahoma City Fire Department

Expedited Plan Review

When approved by the fire code official, a plan review may be expedited. The permit applicant shall pay a minimum fee of \$250.00 per permit in addition to the already required permit fee. This fee allows for a 3 business day processing of your plan review from date of payment.

Expedited New Construction Inspection

When approved by the fire code official, new construction inspections may be expedited. The permit applicant shall pay a minimum fee of \$250.00 per permit in addition to the already required permit fee. This fee allows for a 3 business day processing of your inspection from date of payment. Any rejected inspections will be subject to all applicable fees, to include additional expediting fees if requested by applicant.
